

Heraldry

As a rule, heraldry markings are not permitted (Sith Sun, Jedi symbol, Imperial Cog, First Order Black Sun, or any animals).

There are specific exceptions to this general rule outlined in this document (lightsabers and specific armor styles).

All other symbols, if they are not an instantly recognizable Star Wars symbols, such as the Jedi Logo, Imperial Cog, Sith Symbol etc., should be cleared with the GCCs and will be approved on a case by case basis by the GCCs.
