Submission Helpful Hints

Either the Costume Submission Forum or the Wayseeker Costume Submission Form will walk you through the information we need.

- **Costume Description:** List the color of each part below. You do not need the color numbers (hexcodes) from the standards, you can just name the color. You are welcome to call each shade of a color the same color name.
 - Outer Tunic Color
 - Under Tunic Color
 - Tabard Color
 - Obi Color

- Belt Color
- Pouch Color
- Trousers/Skirt Color
- Gloves Color(if present)
- Boots Color
- Cloak Color (if present)
- Armor Color (if present)
- **Lightsaber Brand and Model: Many times you do not have the maker or the model name. That is ok! List the type of blade used - heavy grade/medium grade and consult with your temple which they use.**
 - **Include a lit and unlit lightsaber photo in your submission**

For a FACE CHARACTER submission

A Face Character is a character that appears in any official Lucas Film media that the member/applicant is trying to replicate exactly. These are your characters like Rey, Darth Vader, Luke Skywalker, Revan, etc. Characters must be force wielders who have wielded a light saber. Face Characters can be from any official Lucas Film Media - Comics, TV, or Movies. Legends or Canon is accepted.

If the applicant/members costume has been approved within the last three years they qualify for Previous Approved Submission Exemption. If it has been longer than three years they will need to go through the regular application process.

Note: If no published standard exists, the applicant may either link to a draft standard on the forums of the applicable club (preferred) or include a full gallery of reference images showing the full back, front, and sides of the costume from head to toe. Applicants who choose to go the reference gallery route may also include a mockup of a draft standard, if none exists in other clubs. We recommend that applicants planning to submit costumes for which no standard exists confer with the GCCs on the level of accuracy which will be required before costume construction begins.

Once you have submitted a costume for approval, please announce it in the LCC chat on Facebook.
